

TOP 25 GRADUATE RECRUITERS FOR 2019

Each year the AAGE's Candidate Survey collects feedback from university students who have been offered a graduate position with an employer.

Candidates who participated in the 2020 AAGE Candidate Survey were asked a series of questions including this: *"Please name the one representative, and the company they belong to, who made the most positive impression on you during your job search"*

Over 3,000 candidates responded to the survey and they nominated more than 1,000 employer representatives. The 25 people with the most votes appear below, in alphabetical order by first name.

Employer Representatives making the most positive impression.
