

Connect with NTT

NTT is a leading, global technology services company.

We believe that together we do great things.

In a constantly evolving world, technology doesn't stand still. And nor do we. Every wave of change is an opportunity to transform our clients businesses, so they can reshape the outcomes of tomorrow. We've combined the capabilities of 31 remarkable companies to become one, leading technology services provider. Together, we help our people, clients, and communities do great things with technology to enable a more secure and connected future.

We work with organizations around the world to shape and achieve outcomes through intelligent technology solutions.

For us, intelligent means data driven, connected, digital, and secure.

Through our full range of unparalleled capabilities, we empower our clients people, strategy, operations, and technology, while our platforms provide a single view across their environment. This gives them better insight to make the right decisions at the right time and achieve their business modernization and transformation goals.

We believe in our people. They're not only diverse and inspiring, but also experts at what they do and committed to partnering with our clients. As a global technology services provider, we employ 40,000 people to be where our clients are based, across 57 countries. By bringing together the world's best technology companies and emerging innovators, we work together to deliver sustainable outcomes for our clients and the world.

Innovation is part of our DNA. We believe it's key to what makes us different. So, we strive to move forward, challenge the status quo, and drive excellence through the technologies we integrate and the services we deliver around the world. The result is connected cities, connected factories, connected healthcare, connected agriculture, connected conservation, connected mobility, and connected sport.

Together we enable the connected future.
